

2014+ Ford Fiesta 1.0L ecoboost

TURBO TRANSFORMER INSTALLATION INSTRUCTIONS.

1. Open the hood, ensure that the car is completely off and that the key is not in the ignition.
2. Locate the correct sensor according to the image and unplug the connector.
3. Plug in Turbo Transformer into the sensor and plug in the factory harness into the Turbo Transformer.

NOTE: It is important to maintain the orientation of the connectors. DO NOT plug in the connectors up-side-down.
